FRIDAY HARBOR, WA... What do you call a pepper in late autumn? A little chili! Join us as the gourmet archipelago celebrates more than a decade of great food, local farms, and independent filmmaking. [Savor the San Juans](#) returns in person for its 14th year with film festivals, farm tours, harvest dinners and much more. Savor is a great way to ease into a slower time of year while basking in the food, spirits, music, and natural beauty of Orcas, Lopez and San Juan Islands.

When the tide is out, the table is set! Local seafood, oysters, heritage preserves, local sea salt, and lavender products are just some of the artisan producers in the islands. Taste these [Island Grown](#) foods and wine, beer, cider, and spirits, during a selection of farm-to-table dinners by local chefs. Take advantage of specials to affordably savor farm tours, demonstrations and workshops on Lopez, Orcas and San Juan Islands during harvest season.
